La Belle 1684 1/36

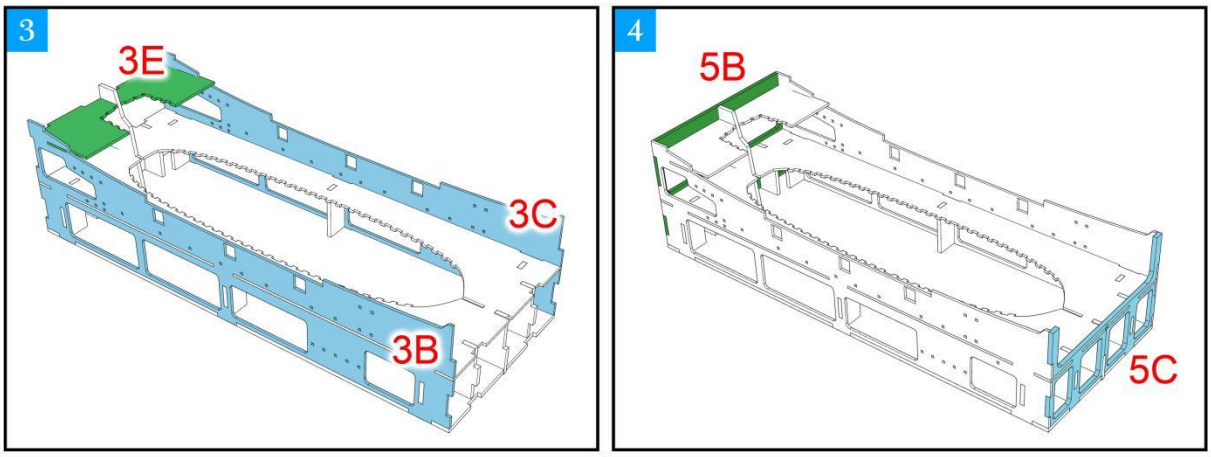

Section 1

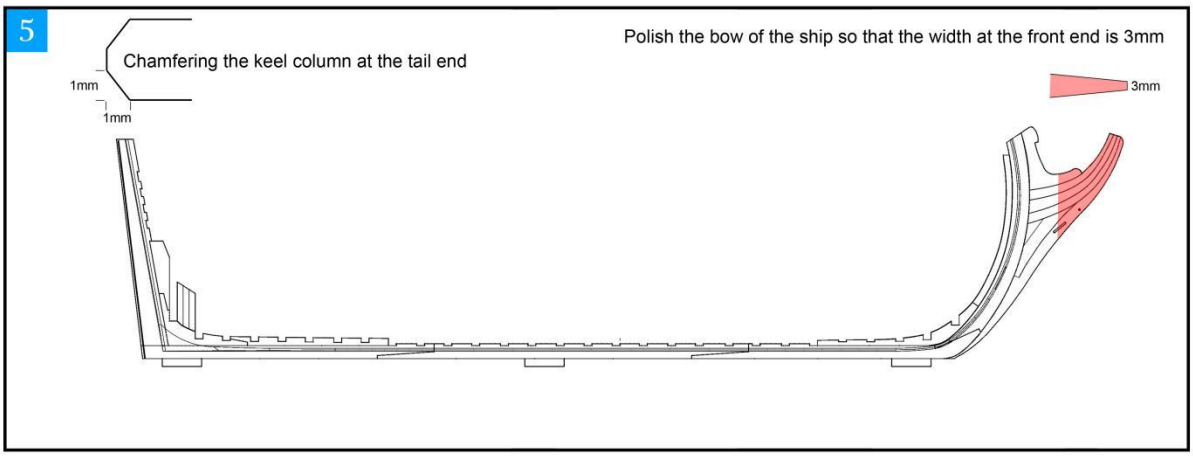

450449987@QQ.com

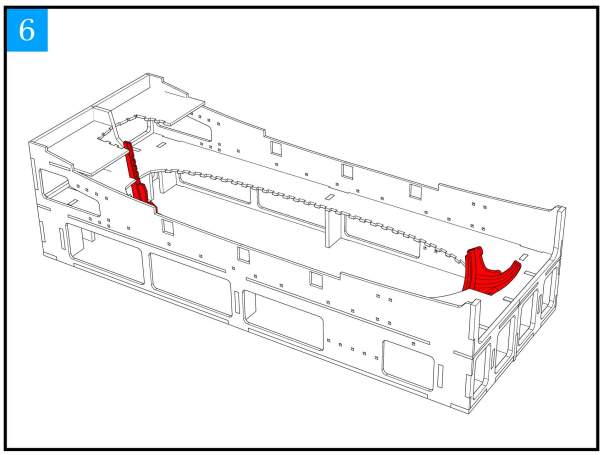

Make a shipyard according to the steps

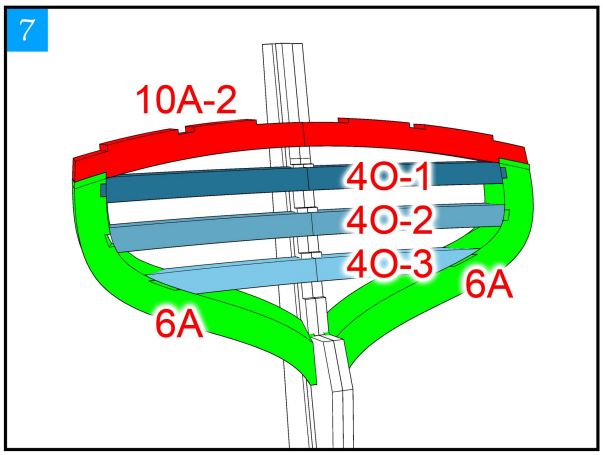

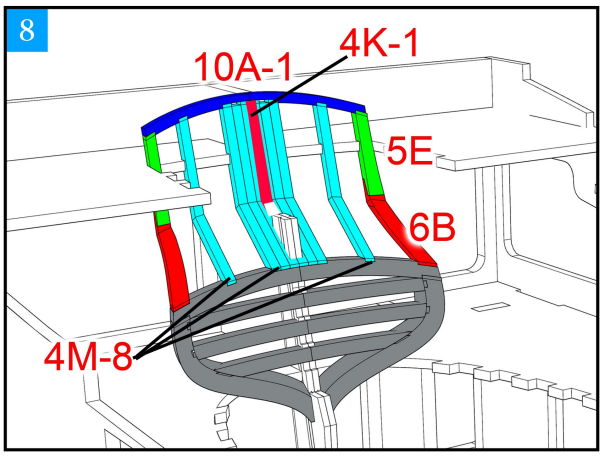

There are 1:1 keels in the plan, install the keels according to their part numbers

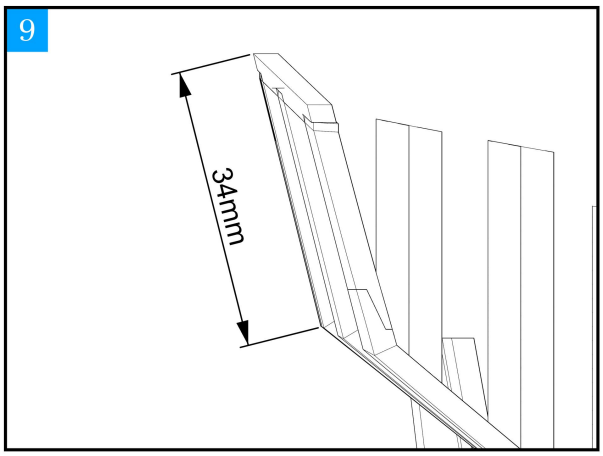

Install keel in the dock

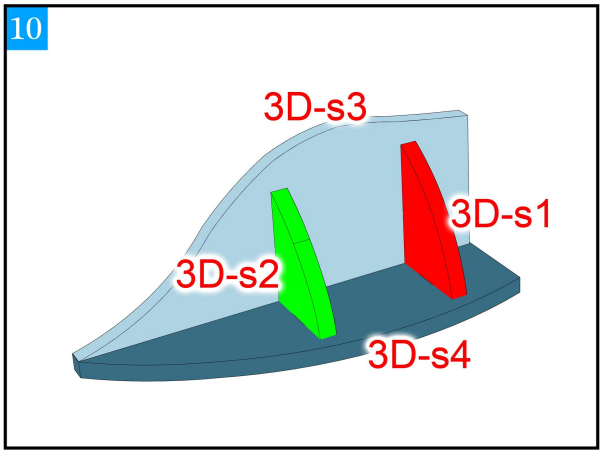

Start making the tail skeleton

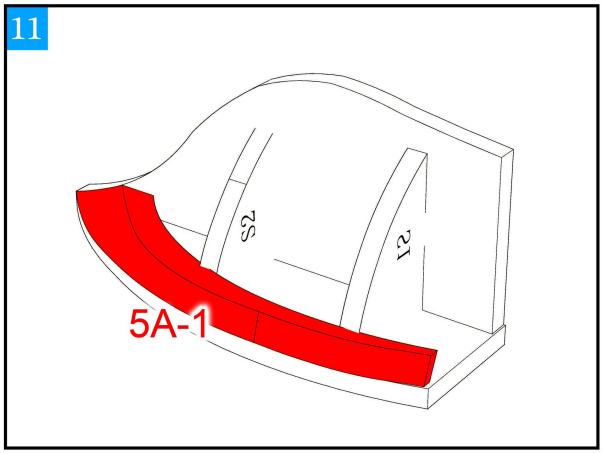

When installing 4M-8, pay attention to the curvature of the tail end

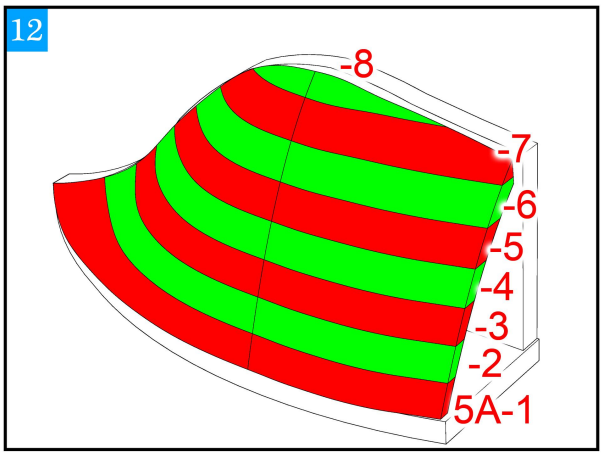

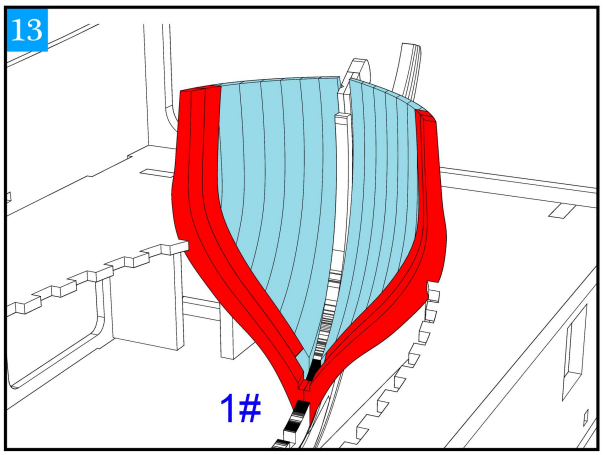

Installation template for bow ribs

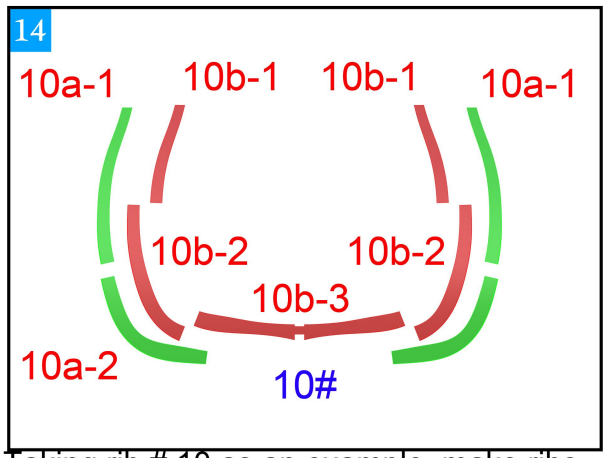

Polish the inner side of the bow rib and place it on the template

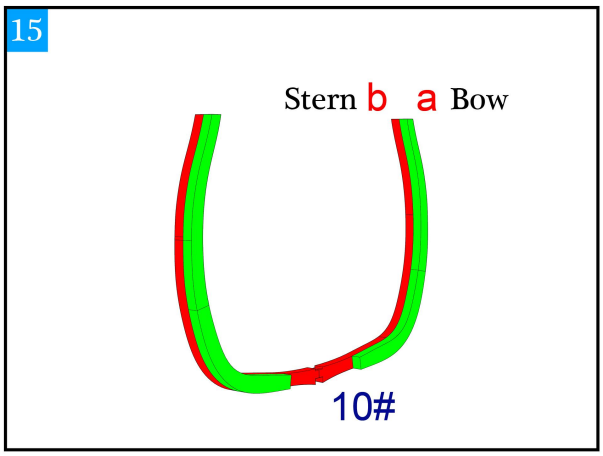

Install all bow ribs and polish the exterior smooth

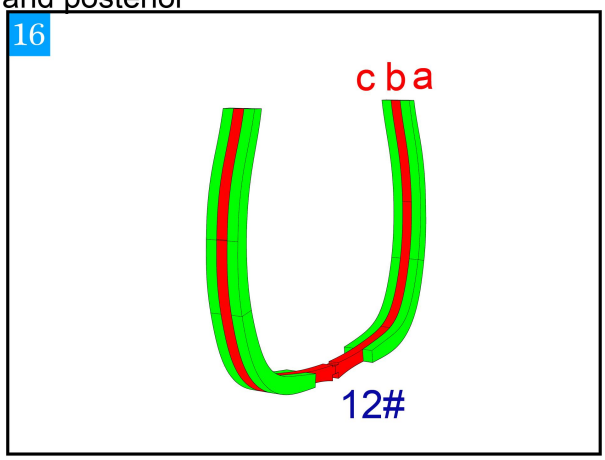

After making rib 1 #, install the bow rib group

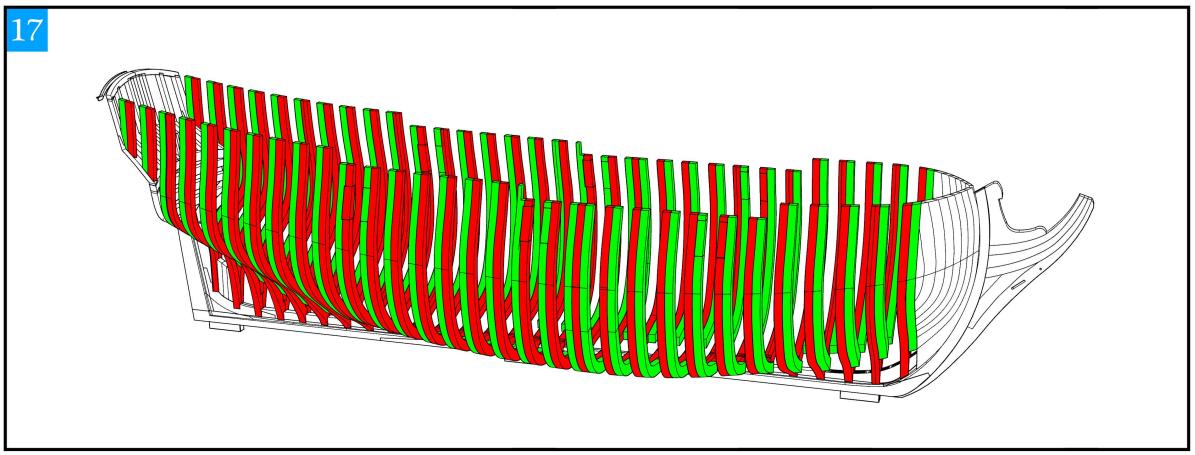

Taking rib # 10 as an example, make ribs
Ribs are divided into two layers: anterior and posterior

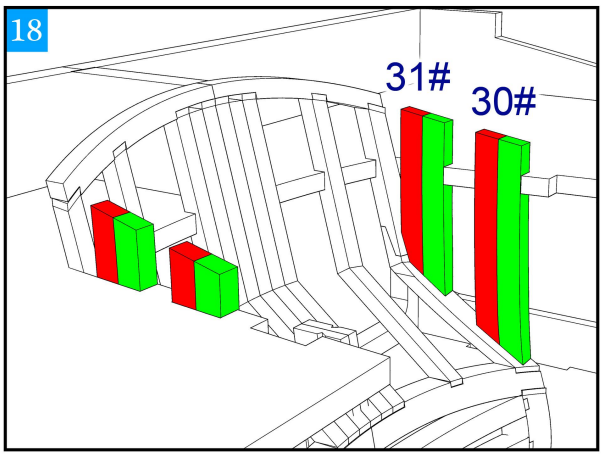

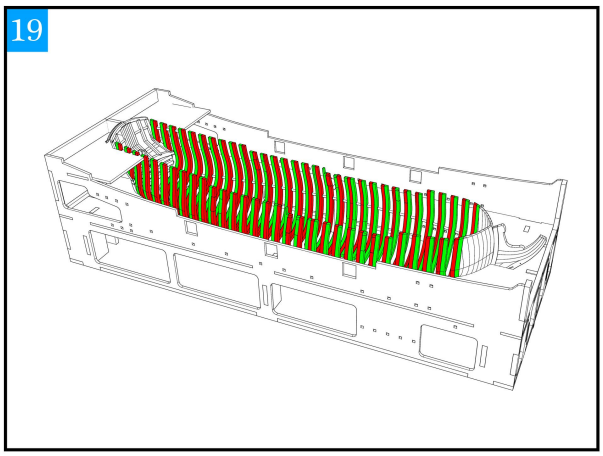

12 # Ribs are divided into three parts: abc3

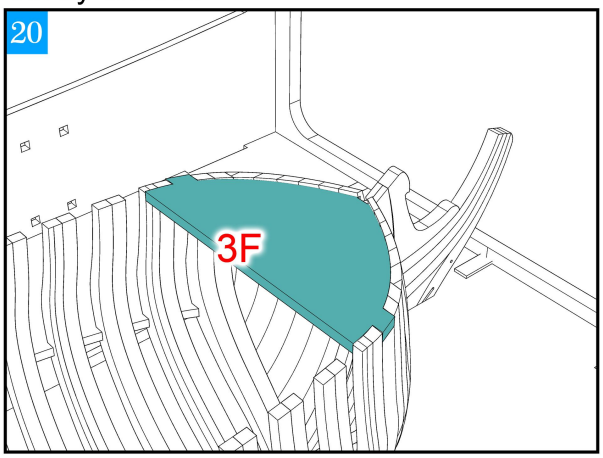

Install ribs

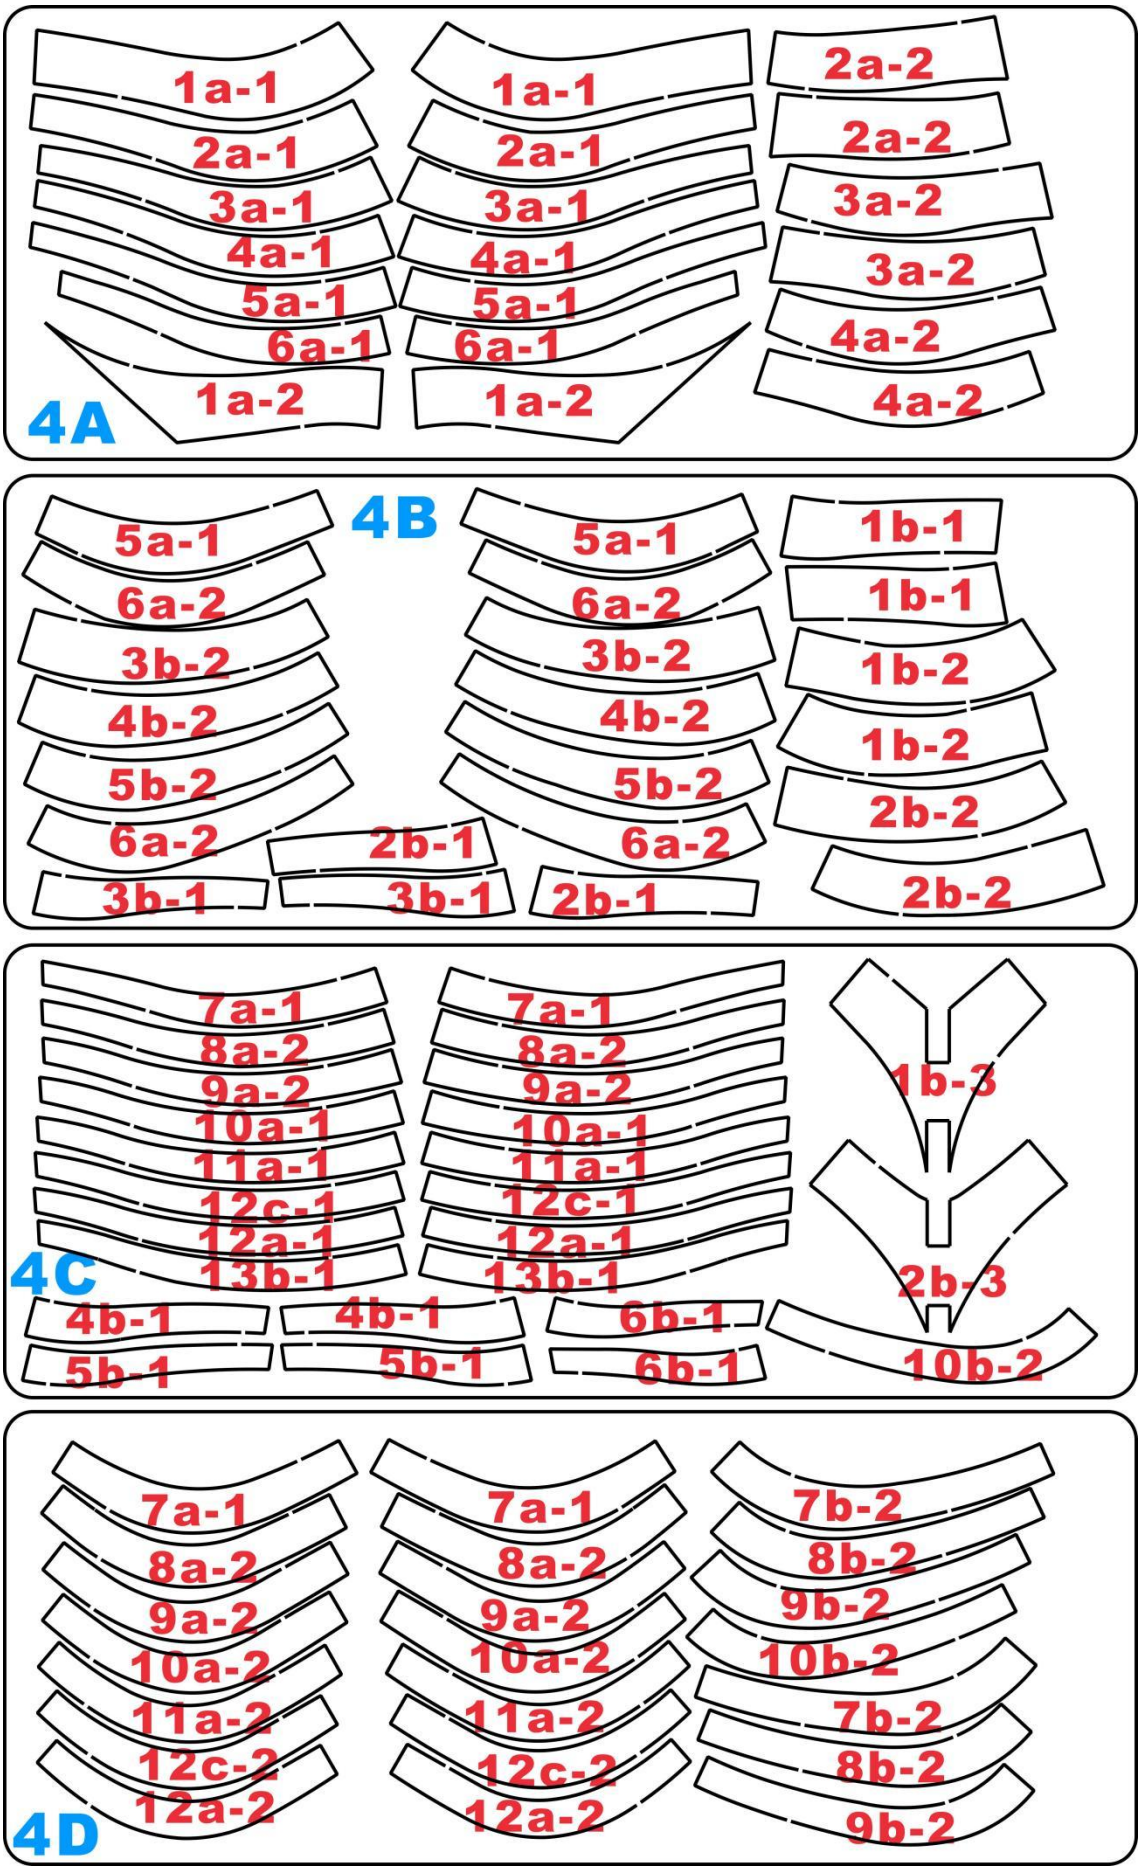

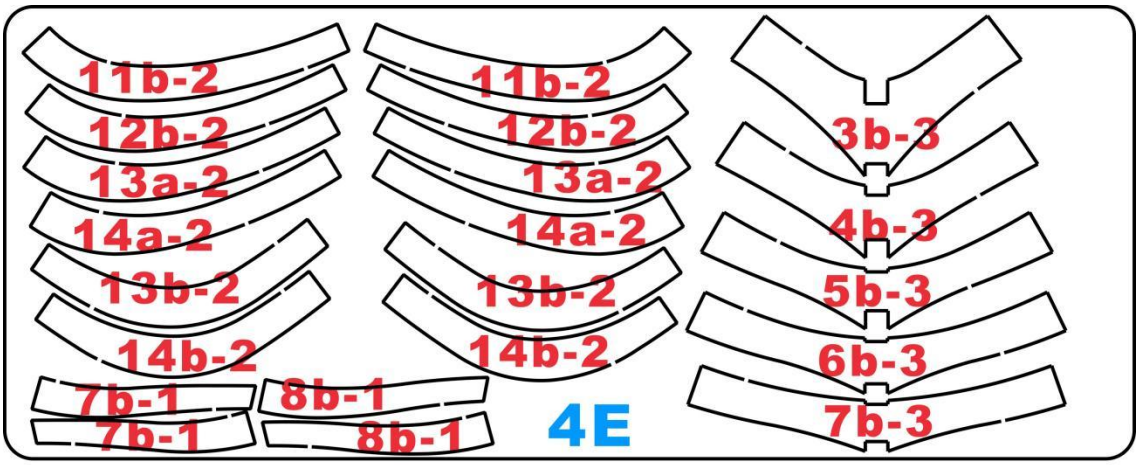

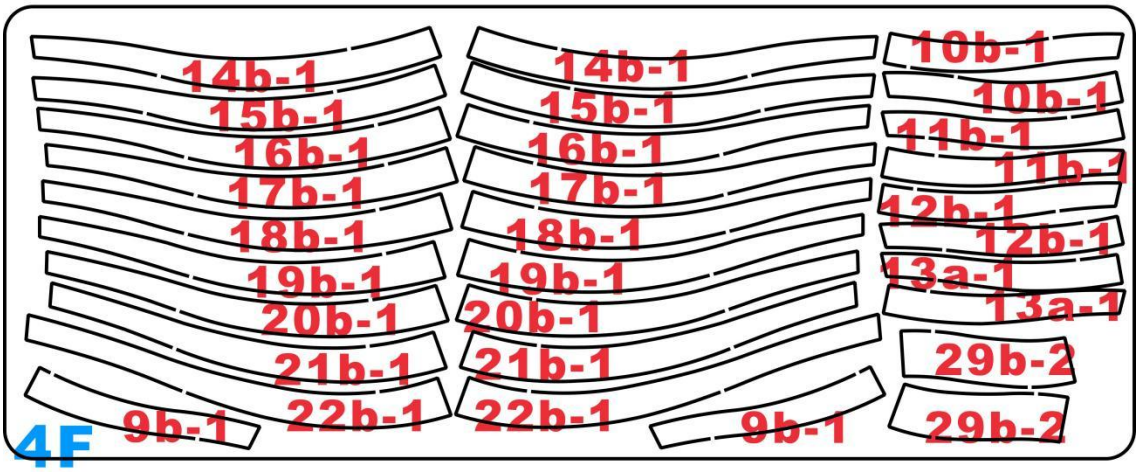

30 # 31 # The bottom of the rib needs to be cut by oneself

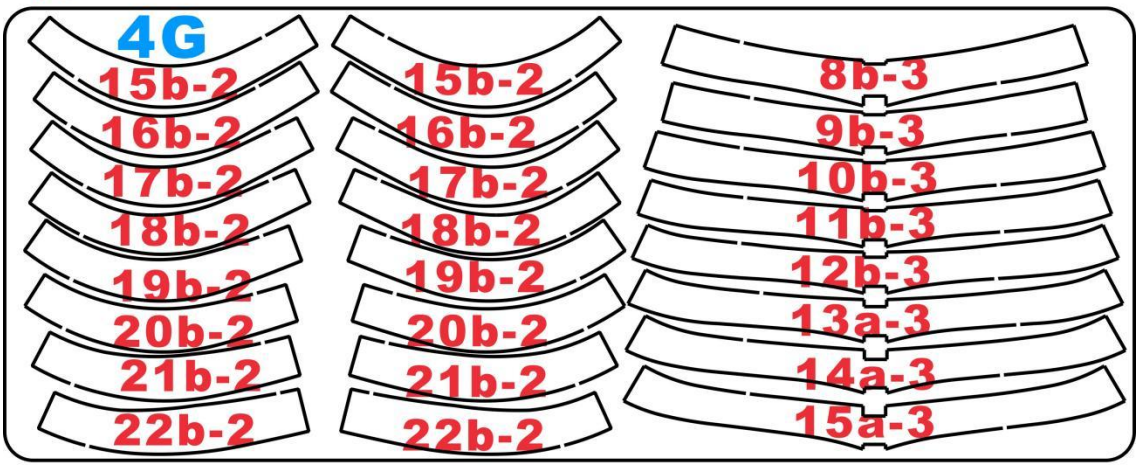

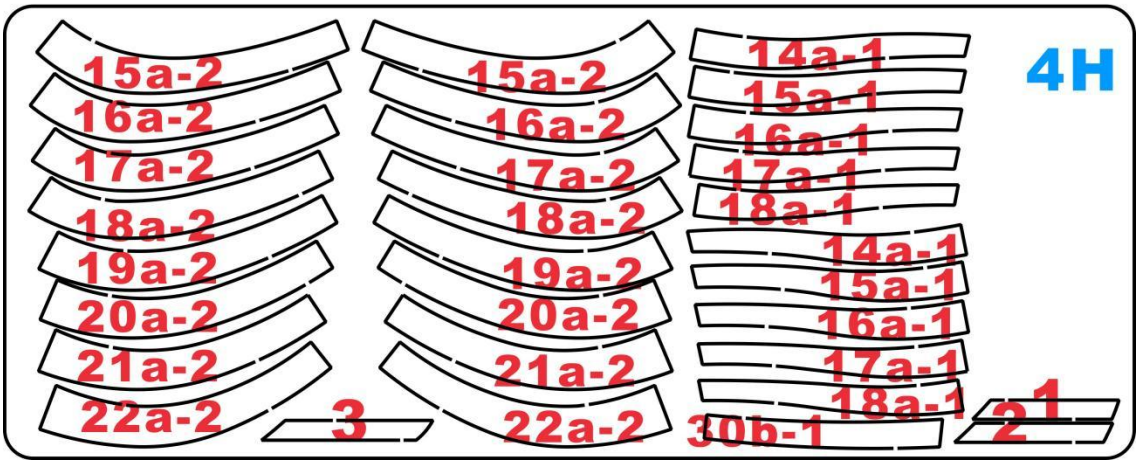

Proofreading the outline of the bow of the ship
